Letter from M.R.Ry., K.P.Krishnan Nair Avl.,B.A., Special Assistant Settlement Officer in charge, Party No.III, Mangalore, R.O.C.No.A.2.3356-34.9 dated 2-5-35.

Letter from M.R.Ry., K.P. Krishnan Nayar Avl.,B.A., Special Assistant Settlement Officer in charge, Party No.III, Magalore, R.O.C.No.A.2.3356-34-13 dated 19-7-35.

Reference.-

The draft form of descriptive memoir for the South Kanara District submitted by the Special Assistant

Settlement Officer in charge of Party No.III is submitted to Government as amended by the Board for -- approval.

2. The form follows the lines of the sample form of descriptive memoir given in Section II of the -- Resettlement Manual except in the following particulars.

(i) Paragraph 3 of the draft memoir - Area.

Additional columns have been opened to exhibit 'garden' lands in the statement showing the area under each description of land. The subpara below this statement has been drawn up on the lines of that in the old settlement descriptive memoir for the district and the references to the deductions made for unprofitable areas have been omitted as no such deductions have been allowed in the case of garden lands.

(ii) Paragrpah 5 of the memoir - Population. No -- columns have been provided to show the details of population according to occupation as the particulars required to fill up these columns are not available in the census statistics.

(iii) Paragraph 9 of the memoir - Grouping. There are no irrigation works in the district and villages have -- been grouped not only for dry but for wet lands also. In paragraph 9 of the draft memoir provision has therefore been made to show the dry and wet group, the classes in which the wet lands have been placed and the rate of -- second crop charge on double crop wet lands. This paragraph follows that in the old Settlement descriptive

memoir ~~for~~ the district.

Paragraph 10 of the descriptive memoir - table showing classification and assessment of different -- descriptions of land.

This paragraph corresponds to paragraph 12 of the sample form of descriptive memoir given in the resettlement manual adapted to the circumstances of the district.

(v) As there are no recognised irrigation works in the district or wells used for irrigation purposes the paragraphs relating to wells, irrigation and Kudimaramat have been omitted. Nor is reference made to the village -- establishment as the Special Assistant Settlement Officer considers it unnecessary to make mention of it.

(vi) There are inams only in a dozen out of the 799 -- villages in the district and the number of inams do not also exceed 120. The Special Assistant Settlement -- Officer has consequently considered it unnecessary to include a paragraph about inams. The Board agrees with the Special Assistant Settlement Officer.

8. Agricultural Stock, Pa s Forests:- The total number of agricultural stock in the village according to the census of the year . . . . . was as noted below.-

Bullocks and He buffaloes.

C o w s.

She buffaloes.

Young stock,

Sheep and goats.

. . . . . acres are set apart for grazing; cattle also graze on occupied holdings, unoccupied assessed lands, unassessed lands and porambokes. There is, besides, the adjacent reserved forest where grazing may be permitted under the forest rules. There are . . . carts, ... ploughs, ... saw mill . . . . . oil mills . . . . . rice mills . . . . wooden sugar mills and . . . . weavers' looms in the village.

9. Grouping.- The wet lands are placed in the . . . . . group. The dry lands are placed in the . . . . . group.

The following three classes into which wet land was divided at the last Settlement have not been disturbed at resettlement.

(1) First class wet lands are lands yielding three or two wet crops, the irrigation of which is ordinarily by direct flow.

(ii) Second class wet lands are lands yielding two wet crops, the second irrigated mainly by baling, also lands yielding one wet and one dry crop; Patla and Mogaru lands and the other low lying wet lands which owing to their favourable position have an unfailing supply of water for the first crop.

(iii) Third class wet lands are all less favourably situated wet lands.

All lands which were registered as double crop at the last settlement will continue to be so registered and pay for the second crop the same proportion of the first crop charge, (viz) one fourth, as they have hitherto been paying. The consolidated charge must be paid whether a second crop is grown or not. Single crop wet lands will not be transferred to double crop or vice versa. There will be no second crop charge

Settlement – Resettlement – (South Kanara) – Descriptive memoir

From the Bd of Rev (dR.05) Rep. No. 7 – No. 1978/35-2) 20-8-35

To us

Please see the draft form of descriptive memoir proposed for the S. Kanara dt at pp 5-12 cf. & the Bd's Rep at pp 1-3 c.f. No remarks seem called for except in regard to the following points:

1) Pathas marked A on p 6 cf :– The reason given by the Bd for omitting the usual reference to deductions made for unprofitable areas etc is that no such deductions were made in the case of garden lands in S. Kanara dt. Such deductions were however made in the case of wet & dry lands. Apparently the Board considers it unnecessary to mention in the memoir the different treatments accorded in this respect, to wet & dry lands on the one hand & garden lands on the other hand. The pathas marked A on p 6 cf is on the lines of that in the old Sett descriptive memoir & is wide enough to preserve the right of the Govt over any pathas & poramboke land that might have been measured with

2) The reference to village establishment (see para 16 at p65 of Resettlement Manual) (V)
omitted in the draft form of descriptive
memoir for S. Kanara Dt. This is not found
even in the old Selt descriptive memoir of the
Dt; & it is stated that the S.A.S.O considers
it unnecessary to make mention of it. (reasons
not given). In the Malabar Dt descriptive
memoir recently sanctioned the reference to
village estt is omitted. But in the Salem
(Southern Dts) memoir village estt is mentioned.
This however is a minor item. For orders

old Selt Regn. proc. of Govt para 2(V) p 3-4 of

pp 5-17 of G.O 1046 (M) 25-5-34

para 15 to 14 of (D)

Subject to orders, a draft order
approving the form of descriptive memoir
is submitted for approval.

Garden lands

The rates were determined
with ref. to the number
of bearing trees and
the question of unirrigated
areas did not arise.
Village classification
This is probably not
important and

9-8-35

it seems unnecessary
